QUESTION NO: 1

What is a requirement for the IE3400 power supply?

- A. When ordering IE4000, always order power supplies regardless of the power input at the site (AC or DC).
- B. For a PoE+ requirement, an AC input power supply is required.
- C. If the PoE budget is insufficient with power input A, a second power supply can boost the PoE budget by connecting to power input B.
- D. It is important to understand from the customer if PoE is needed and if the site power source is AC or DC.

ANSWER: D

QUESTION NO: 2

Which power supply supports both AC and DC input?
